Erosion & Sediment Control Plan Submittal Application

DEPARTMENT OF BUILDING & DEVELOPMENT SERVICES
COUNTY OF WASHINGTON
COMMONWEALTH OF VIRGINIA

No person may engage in any land-disturbing activity located in Washington County where 10,000 square feet or more of land disturbance is proposed until he/she has submitted to the County Engineer an erosion and sediment control plan for the land-disturbing activity and the plan has been reviewed and approved. A land-disturbing activity is defined as any land change that may result in soil erosion from water or wind and the movement of sediments into state waters or onto lands in the Commonwealth, including, but not limited to, clearing, grading, excavating, transporting and filling of land.
