

To Contractors for Invitation for Bids for Demolition of Elliott Building:

The following questions were received from vendors. In order to keep everyone informed, here are the questions and answers:

1. Are there any plans? **No, the building was built in 1929.**
2. Will there be time allowed on Friday for measuring all the areas of asbestos and lead abatement? **Yes, this can be done on Friday or the vendor can call and schedule an appointment if they want or need to come back at a later date. Please contact Kevin Hill at (423) 383-4400 to schedule an appointment.**
