INTRODUCTION

POLICY 01-01

GENERAL

Effective Date: October 27, 2020

Revised Date:

By Resolution 2020-39 adopted by the Washington County Board of Supervisors (Board) on October 27, 2020, the Board adopted the Administrative Division Personnel Policies and Procedures Manual (2020) (hereinafter, "Manual") to establish general guidelines for the County's employment practices and procedures. The Board may amend the Manual from time to time after its 2020 adoption, and all such amendments shall be incorporated into the Manual. Any references to the Manual thereafter shall mean the Manual as amended up to the date of such reference. The Manual is not a contract nor any other type of promise of specific treatment or duration of employment. Employment with the County is at-will employment, which means it is for an indefinite period of time, until terminated by either the County or the employee, with or without cause. That means either party may end the relationship at any time.

In addition to the Manual, County employees shall comply with policies contained in the Board's Policies that govern employee conduct, which include without limitation, policies regarding use of County property and facilities, political activities during performance of job responsibilities, and such other matters as determined by the Board. The Board policies may be found on the County website with the Board's By-laws, Policies, and Procedures and are adopted on an annual basis usually during the Board of Supervisor's Annual Organizational meeting.

POLICY 01-02

EQUAL EMPLOYMENT OPPORTUNITY POLICY STATEMENT

Effective Date: October 27, 2020

Revised Date:

POLICY

Washington County shall provide equal opportunity in employment and advancement and shall administer its employment policies without regard to race, sex, color, national origin, religion, sexual orientation, gender identity, age, veteran status, political affiliation, genetics, or disability in accordance with the Governor's Executive Order No. 1 on Equal Opportunity (January 11, 2014) and state and federal laws.

PURPOSE

The purpose of this policy is:

- A. To promote diversity, inclusiveness and equality in all levels of the County's workforce;
- B. To encourage within the County staff a respect for diversity, accepting and celebrating individual differences, and valuing all employees.
- C. To prohibit employment discrimination against qualified persons on the basis of race, sex, color, national origin, religion, sexual orientation, gender identity, age, veteran status, political affiliation, genetics, or disability.
- D. To prohibit all employees from taking retaliatory action against any person making allegations of violations of this policy.
- E. To direct development of recruitment practices to expand employment outreach to populations with diversity of race, sex, color, national origin, religion, sexual orientation, gender identity, age, veteran status, political affiliation, genetics, and disability.
- F. To establish procedures for making complaints of violation of this policy.
- G. Does not permit the lowering of bona fide job requirements, performance criteria, or qualifications in order to give preference to any employee or applicant for employment on the basis of the above prohibitions.

APPLICABILITY

The prohibition against employment discrimination applies to all aspects of the hiring process and employment practices, including:

- Hiring, demotion, promotion, transfer, layoff, and termination;
- Performance evaluation and employee development;
- Corrective actions, including disciplinary actions;
- Compensation, pay practices, benefits; and
- Other terms, conditions, and privileges of employment.

PROGRAM

- A. Equal opportunity in employment shall be afforded by the County to all qualified persons, and no person shall be discriminated against in employment by the County because of race, sex, color, national origin, religion, sexual orientation, gender identity, age, veteran status, political affiliation, genetics, or disability.
- B. The County shall disseminate its equal employment opportunity program to job applicants, employees, and those with whom it regularly does business. For example, this requirement may be met by:

- 1) Posting a notice on the County website, in the public lobbies of the County Government Center Administrative Division offices, and in other County offices informing employees, and applicants for employment, of their equal employment opportunity rights, and their right to notify the County Department of Human Resources, the Equal Employment Opportunity Commission, or other appropriate agency, if they believe they have been discriminated against.
 - 2) Placing a notice on the employment application form to advise prospective employees that discrimination because of race, sex, color, national origin, religion, sexual orientation, gender identity, age, veteran status, political affiliation, genetics, or disability is prohibited and that they may notify the County Department of Human Resources, Equal Employment Opportunity Commission, or other appropriate agency if they believe they have been discriminated against.
- C. The County shall establish, maintain, and carry out a positive continuing program of specific practices designed to assure equal opportunity of employment. The program shall include:
- 1) Preparation of an annual statistical report to examine composition of the County Administrative Division full-time and part-time workforce in regard to race, sex, and position categories to consider if the workforce is generally consistent with the composition of the County labor pool based on U.S. Census data. The annual statistical report also may include a description of activities conducted in the reported time period in support of the County's equal employment opportunity program.
 - 2) Review of the annual statistical report by the County Personnel Committee.
 - 3) Presentation of the annual statistical report for public review, which may be accomplished by including the report in the agenda materials for a regular meeting of the Board of Supervisors, posting the report on the County website, or both.
- D. The County shall establish, maintain and carry out a positive continuing program of activities designed to ensure equal opportunity and nondiscrimination in employment. For example, the following activities may be components of such a program:
- 1) Inform its employees of the positive equal employment opportunity policy and program.
 - 2) Communicate its equal employment opportunity policy and program and its employment needs to sources of qualified applicants without regard to race, sex, color, national origin, religion, sexual orientation, gender identity, age, veteran status, political affiliation, genetics, or disability.
 - 3) Conduct a continuing program to exclude every form of prejudice or discrimination based upon race, sex, color, national origin, religion, sexual orientation, gender identity, age, veteran status, political affiliation, genetics, or disability from its personnel policies and practices and working conditions.

- 4) Use recruitment sources for each position vacancy sufficient in reasonable, good faith judgment to widely disseminate information concerning the vacancy.
- 5) Provide notification of each full-time vacancy to any organization that distributes information about employment opportunities to job seekers or refers job seekers to employers, upon request by such organization. To be entitled to notice of vacancies, the requesting organization must provide the Employer its name, mailing address, e-mail address (if applicable), telephone number, and contact person, and identify the category or categories of vacancies of which it requests notice. (An organization may request notice of all vacancies.).
- 6) Offer internship(s) designed to assist members of the community in acquiring skills needed for employment.
- 7) Participate in events or programs sponsored by educational and non-profit institutions relating to career opportunities in government.
- 8) Provide training to management level personnel as to methods of ensuring equal employment opportunity and preventing discrimination.
- 9) Participate in activities reasonably calculated by the County to further the goal of disseminating information as to employment opportunities in local government to job candidates who might otherwise be unaware of such opportunities.

COMPLAINT PROCEDURES

Complaints of violations of this policy shall be reported and shall be managed in accordance with Policy 10-04 "Workplace Harassment and Discrimination". Any employee determined to have taken retaliatory action against any person making allegations of violations of this policy shall be subject to disciplinary proceedings, up to and including termination of employment.

POLICY 01-09

EFFECTIVE DATE

Effective Date: *October 27, 2020*

Revised Date:

POLICY 01-13

ORGANIZATION OF WASHINGTON COUNTY GOVERNMENT

Effective Date: October 27, 2020

Revised Date:

The government of Washington County is a decentralized grouping of organizations established largely by the requirements of the Code of Virginia. The Commonwealth of Virginia is known as a "Dillon Rule" state, meaning that all legislative power and authority is vested in the Virginia General Assembly and Virginia's local governments (cities, counties and towns) are established by and may only exercise such powers and authority expressly granted by the General Assembly in the Code of Virginia (or those powers reasonably implied or incident to those expressly set out in state law).

County governments in Virginia exist for two principle reasons: (1) to act as agents of the state (the Commonwealth of Virginia), and (2) to provide certain functions specific to the needs of county citizens. The organizations that comprise the government of Washington County may be informally divided into six (6) groups or "divisions" for the purpose of understanding the roles and relationships between each:

- 1) County Administration
- 2) Constitutional Offices
- 3) Independent Agencies
- 4) Judiciary
- 5) Political Subdivisions
- 6) Public Schools

The principle responsibilities of the County Administration, the Public Schools and Political Subdivisions lie in the provision of certain functions specifically addressing the needs of county citizens. The Constitutional Offices, Independent Agencies, and Judiciary act more as agents of the state government (though in doing so these divisions also address local needs of county citizens). Each division is to a greater or lesser degree inter-related with all other divisions toward accomplishment of respective responsibilities.

Each office, board, department, authority and commission as entities within the six divisions has its own distinct set of powers, responsibilities and roles to play in the exercise of county governance and provision of county government services. Each are inter-rated in some way with the Board of Supervisors and, often, with each other.

This manual applies to the Officers and employees of the Washington County Board of Supervisors that constitute County Administration, or what throughout this Manual will be referred to as the "Administrative Division" of the Washington County government. The Administrative Division consists of the various offices, departments and employees of the County government established by the Board of Supervisors and placed under the direction of the County Administrator and County Attorney. These are as follows:

- Office of County Administrator
- Office of County Attorney

- Office of Budget & Finance
- Office of Community Development
- Office of Emergency Management
- Office of General Services
- Office of Human Resources
- Office of Information Systems
- Office of Recreation
- Office of Solid Waste

Throughout this Manual, the term "Administrative Division" shall refer to officers and employees of these offices and departments only.

The County Administrator and County Attorney are appointed by the Washington County Board of Supervisors, report solely and directly to the Board of Supervisors, and serve at the pleasure of the Board of Supervisors. These offices are officially independent of one another; however, a significant degree of inter-relationship exists between each. The County Administrator is charged with direction of the Office of County Administrator and activities of the above-listed departments. - E. If the Sick Leave Bank should become inoperative for any reason, the hours remaining in the Sick Leave Bank at that time shall first be distributed to those Recipients then drawing sick leave hours from the bank. Any remaining Sick Leave Bank hours shall be distributed equally between all members of the bank.

F. The Sick Leave Bank is a discretionary program, which shall continue or be terminated at the sole discretion of the Board of Supervisors.

EXCLUSIONS

Medical conditions of the employee will be excluded from eligibility for leave sharing benefits if they result from: injuries occurring in the course of violating a law; occupational related accident or illness for which Workers' Compensation benefits are awarded; or intentionally self-inflicted injuries, except as a result of conditions that qualify under ADAAA.

POLICY 07-08

JURY LEAVE

Effective Date: October 27, 2020

Revised Date:

The County Administrator or his/her Designee shall grant a full-time employee leave with pay for an absence necessary for serving on a jury or attending court as a witness under subpoena. Part-time employees shall be granted leave without pay for jury duty or as a subpoenaed witness.

Employees must give advance notice of the need for leave of absence for jury duty and must provide a copy of the summons to jury service with the written request for leave. Notice to the County should be provided as soon as possible after receipt of the summons for jury duty.

If the employee is excused from jury duty or is otherwise not required to be present in court, the employee is expected to return to work with the County if reasonably possible.

POLICY 07-09

MILITARY LEAVE

Effective Date: October 27, 2020

Revised Date:

Washington County is committed to protecting the job rights of employees absent on military leave. In accordance with federal and state law, it is the County's policy that no employee or prospective employee will be subjected to any form of discrimination on the basis of that person's membership in or obligation to perform service for any of the Uniformed Services of the United States. Specifically, no person will be denied employment, re-employment, promotion, or other benefit of employment on the basis of such membership. Furthermore, no person will be subjected to retaliation or adverse employment action because such person

has exercised his or her rights under applicable law or this policy. If any employee believes that he or she has been subjected to discrimination in violation of this policy, the employee should immediately contact the Human Resources Department.

ELIGIBILITY:

Employees taking part in a variety of military duties are eligible for benefits under this policy. Such military duties include leaves of absence taken by members of the uniformed services, including Reservists, National Guard members for training, periods of active military service, and funeral honors duty, as well as time examined to determine fitness to perform such service. Subject to certain exceptions under the applicable laws, these benefits are generally limited to five years of leave of absence.

PROCEDURES FOR MILITARY LEAVE:

- A. Unless military necessity prevents it, or is otherwise impossible or unreasonable, an employee should provide Washington County with notice of the need for leave as far in advance as is reasonable under the circumstances. Written notice is preferred, but not required under the law or this policy.
- B. Employees on temporary or extended military leave may, at their option, use any or all accrued paid P.T.O. or Sick Leave during their absence.
- C. When the employee intends to return to work, he or she must make application for reemployment to Human Resources within the application period set forth below.
- D. If the employee does not return to work, the Department Director must notify Human Resources so that appropriate action may be taken.

BENEFITS

- A. An employee on extended military leave may elect to continue group health insurance coverage for the employee and covered dependents under the same terms and conditions for a period not to exceed 31 days from the date the military leave of absence begins. The employee must pay, per pay period, the premium normally paid by the employee. After the initial 31 day period, the employee and covered dependents can continue group health insurance up to 24 months at 100% of the overall (both employer and employee) premium rate.
- B. The County will continue to pay the employee's County paid life insurance for up to a period of 24 months after an employee is called to active duty military leave and remains a County employee.
- C. Employees do not accrue P.T.O. or Sick Leave while on military leave of absence status.

- D. With respect to the County's retirement plan, upon re-employment, employees who have taken military leave will be credited for purposes of vesting with the time spent in military service and will be treated as not having incurred a break in service.

RE-EMPLOYMENT AND EXCEPTIONS:

- A. An employee who has engaged in military service must, in order to be entitled to the reemployment rights as set forth under the "USERRA" Act, must submit an application for re-employment according to the following schedule:
- 1) If service is less than (31) days (or for the purpose of taking an examination to determine fitness for service)- the employee must report for re-employment at the beginning of the first full regularly scheduled working period on the first calendar day following completion of service and the expiration of (8) hours after a time for safe transportation back to the employee's residence.
 - 2) If service is for (31) days or more but less than (181) days-the employee must submit an application for re-employment with Human Resources no later than (2) years following the completion of service.
 - 3) If service is over (180) days-the employee must submit an application for reemployment with Human Resources no later than (90) days following the completion of service.
 - 4) If the employee is hospitalized or convalescing from a service-connected injurythe employee must submit an application for re-employment with Human Resources no later than (2) years following completion of service.
- B. In addition to the employee's failure to apply for re-employment in a timely manner, an employee is not entitled to reinstatement as described above if any of the following conditions exist.
- 1) The County's circumstances have so changed as to make re-employment impossible or unreasonable.
 - 2) Re-employment would pose an undue hardship upon Washington County.
 - 3) The employee's employment prior to the military service was merely for a brief, non-recurrent period and there was no reasonable expectation that the employment would have continued indefinitely or for a significant period.
 - 4) The employee did not receive an honorable discharge from military service.

- C. Employees re-employed following military leave will receive seniority and other benefits determined by seniority that the employee had at the beginning of the leave, plus any additional seniority and benefits the employee would have attained, with reasonable certainty, had the individual remained continuously employed.

PREVAILING AUTHORITY:

Should there be any substantive difference between these provisions regarding Military Leave and any state or federal provisions regarding such leave as applicable to employees of local governments, such state or federal provisions shall prevail.

POLICY 07-10

FAMILY AND MEDICAL LEAVE (FMLA)

Effective Date: *October 27, 2020*

Revised Date:

POLICY:

Under this policy, the County provides eligible employees with 1) up to 12 workweeks of unpaid, job-protected leave in a 12-month period for certain family and medical reasons. Or, up to 26 workweeks of leave for eligible employees to care for a covered service member with a serious illness or injury, as specified in the County's Military FMLA Policy. In general, Military FMLA issues are addressed in a separate section, below. The County shall review any leave for any "Reason for Leave" stated herein for qualification as FMLA leave after absence of more than 5 consecutive days or 10 days cumulative absence in a rolling 12-month period.

ELIGIBILITY:

To be eligible for Family and Medical Leave Act (FMLA) leave, an employee must:

- 1) Have been employed by the County for at least 12 months (need not be continuous);
- 2) Have worked at least 1,250 hours during the previous 12-month period (unless absent on military leave); and
- 3) Work at a location where the County employs at least 50 persons within a 75-mile radius.
- 4) Pursuant to FMLA, "key employees" are not eligible for FMLA leave and the County may deny reinstatement to the same or equivalent position after extended absence of a key employee. The key employees in the County subject to this exception are the "County Administrator" and "County Attorney".

REASONS FOR LEAVE:

Eligible employees can take leave for any of the following reasons which may qualify for FMLA:

- 1) To care for the employee's own serious health condition, including health conditions relating to pregnancy, childbirth, and related medical conditions.
- 2) To care for the serious health condition of the employee's child, spouse, or parent.
- 3) Because of the birth of an employee's child.
- 4) Because of the placement of a child with the employee for adoption or foster care.
- 5) Because of certain family and medical events as specified in the Military FMLA Policy, below.

LEAVE IS UNPAID BUT EMPLOYEE MUST USE PAID TIME OFF WHEN AVAILABLE:

Although FMLA leave is unpaid, during any FMLA leave, employees are required to use all available leave time, including vacation leave, sick leave and any other earned or paid time off. The use of paid time off during an FMLA leave of absence shall not extend the length of an employee's FMLA leave. Any absences after the 5th day without a request for FMLA Leave from the employee will trigger FMLA procedures from the County Human Resources Department.

During FMLA leave, the County allows the employee to continue to accrue paid time off until all paid leave is exhausted. FMLA leave does not constitute a break in service for purposes of longevity, seniority, or any employee benefit plan.

EMPLOYEE BENEFITS DURING FMLA LEAVE:

During FMLA leave, the County will maintain fringe benefits provided to an Employee, subject to the following provisions. If paid time off is applied during a period of FMLA leave, the County will deduct the employee portion of the benefit premiums as payroll deductions, as usual. If FMLA leave is unpaid, the employee must make arrangements with Human Resources to pay the employee portion of the premiums. If an employee does not pay their share of premiums during unpaid leave, coverage may lapse. If an employee does not return to work after FMLA leave, the County may require the employee to reimburse the County for the portion of the employee's benefit premiums paid by the County during the FMLA leave.

NOTICE OF LEAVE:

A "Request for Leave" form is available from Human Resources and should be used for the following notices of leave for reasons that may qualify as FMLA leave. For any absence due to "Reasons for Leave" identified in this policy, an employee shall provide to Human Resources written notice of such expected absence at least 30 days in advance if at all possible. When an employee becomes aware of a need for such absence less than 30 days in advance, the employee shall provide to Human Resources notice of such need as soon as possible but no later than the same day or next business day after commencement of such leave. For an

unexpected absence for such "Reasons for Leave", written notice of such leave shall be provided to Human Resources as soon as possible but no later than three business days after commencement of leave.

A Request for Leave Form is available from Human Resources.

ELIGIBILITY NOTICE/RIGHTS AND RESPONSIBILITIES:

Upon receipt of an employee's Request for Leave, the County will provide the following documents to the employee along with instructions as to their use:

- 1) Notice of Eligibility and Rights and Responsibilities for Taking FMLA Leave;
- 2) Certification of Health Care Provider Form for Employee's Serious Health Condition;
- 3) Certification of Health Care Provider Form for Family Member;
- 4) Medical Information Release Form.

MEDICAL CERTIFICATION IS REQUIRED:

Employees who request FMLA leave must submit to Human Resources a Medical Certification Form completed by the health care provider to support the leave request. The County also requests that a Medical Information Release Form be certified by the employee and returned to Human Resources. The Medical Certification Form should be returned to the County within 15 calendar days after it is requested or as soon as possible thereafter, if circumstances demand longer than 15 calendar days. The Medical Certification Form must be completed with sufficient details about the reason for the absence before a determination of qualification can be made.

If the Medical Certification Form returned to the County is not satisfactory, an employee will be told of the deficiencies in writing and given 7 calendar days to complete the Form. If the medical information is inadequate, designated County representatives may contact the employee's health care provider directly to authenticate or clarify information on the certification without the employee's consent. Also, the designated County representative may directly contact the employee's health provider, after receiving the employee's permission, to get more complete information regarding the nature of the ailment, the duration of the leave, the need for intermittent leave, etc. Failure to submit a complete and sufficient Medical Certification will be grounds for, and may result in, deferral or denial of the employee's requested FMLA leave.

The Company can request a second or third opinion regarding the employee's condition and treatment (at the Company's expense).

DESIGNATION NOTICE:

Within 5 business days (absent extenuating circumstances) of having enough information to determine whether the requested leave is FMLA-eligible, the County will provide a Designation Notice, informing the employee

whether or not leave is designated FMLA leave and the amount of leave that will be designated, if known. This designation may be retroactive.

DURATION OF FAMILY AND MEDICAL LEAVE:

Generally, eligible employees will be entitled to a cumulative total of 12 workweeks of FMLA leave within a 12-month leave period. However, when the leave time includes covered service member care leave, alone or in combination with regular FMLA or Qualifying Exigency leave, the employee is entitled to up to 26 workweeks of leave during any single 12-month period. Any combination of FMLA leave may not exceed the maximum limit of 26 workweeks.¹

The County will apply the “rolling method” to determine FMLA eligibility. The “rolling method” means that the 12-month period to determine FMLA eligibility shall be measured backwards from the date an employee’s requested leave begins for the purpose to determine how many FMLA-qualified absences have occurred in the 12-month period and whether additional FMLA leave is available (FMLA Leave Year). The FMLA Leave Year will begin on the first day that the employee takes FMLA leave.

A husband and wife who both work for the County are entitled to a combined total of 12 weeks’ leave in a 12-month period for the birth, adoption, or foster care placement of their child or to care for a parent with a serious health condition. Both the mother and father are entitled to take 12 workweeks of leave to care for a seriously ill child. Leave time taken for the purpose of bonding with a new child will require notice from the employee that such time is being requested as bonding.

In certain cases, the County may approve “intermittent leave” or “reduced schedule” pursuant to FMLA. The need for either of these types of leave must be certified by a health care provider and should be scheduled to avoid disruption to the County insofar as is reasonable.

RE-CERTIFICATION:

The County may require an employee to re-certify a serious health condition periodically. The County shall require annual medical certifications for serious health conditions that persist for more than one FMLA Year, including chronic/lifelong ailments.

RETURN TO WORK:

Prior to return to work, employees absent on FMLA leave shall provide medical certification of their fitness to return to work, using the Fitness for Duty form provided by Human Resources. The certification must take into consideration the employee’s Job Description and its essential job functions. Employees failing to provide the Fitness for Duty certification based on essential job functions cannot resume work until such certification is provided.

¹ See *Military FMLA Policy*, below, for specific rules governing any use of military caregiver leave.

Employees returning to work from FMLA leave will be returned to the same or an equivalent position held prior to the leave, unless the position has ceased to exist because of business necessity. If an employee does not return to work as soon as possible as such is certified on the Fitness for Duty form or upon exhaustion of FMLA leave, whichever occurs first, the County may terminate employment of such employee.

MILITARY FAMILY AND MEDICAL LEAVE

POLICY:

Under the military FMLA policy, the County provides eligible employees with:

- 1) Up to 12 workweeks of unpaid, job-protected leave in a 12-month period because of a qualifying exigency; or
- 2) Up to 26 workweeks of leave for eligible employees within a single 12-month period to care for a covered service member with a serious illness or injury.

Unless specifically stated otherwise, procedures, notices, and rights and responsibilities stated above as part of County policy for traditional FMLA apply to military FMLA. Who the Policy Covers

ELIGIBILITY:

To qualify for leave under the military Family and Medical Leave Act provisions, an employee must be eligible for traditional FMLA leave and be either:

- 1) The parent, spouse, son, or daughter of a service member in the National Guard or a Reserve component of the Armed Forces, or of an Armed Forces retiree, who is on active duty (or has been notified of an impending call or order to active duty) in the Armed Forces in support of a contingency operation; **or**
- 2) The spouse, son, daughter, parent, or next of kin of a covered service member undergoing medical treatment, recuperation, or therapy, who is otherwise in outpatient status, or is otherwise on the temporary disability retired list, for a serious injury or illness.

REASONS FOR LEAVE:

Eligible employees can take military FMLA leave for any of the following reasons:

- 1) Because of any qualifying exigency arising out of the fact that a son, daughter, spouse, or parent of the employee is on active duty (or has been notified of an impending call or order to active duty) in the Armed Forces in support of a contingency operation. **This leave is limited to relatives of National Guard and Reserve service members and of Armed Forces retirees who are in federal service.**
- 2) To care for a covered service member with a serious injury or illness if the employee is the spouse, son, daughter, parent, or next of kin (nearest blood relative) of the covered service member. **This leave does not cover relatives of veterans or service members on the permanent disability retired list.**

WHO IS THE COVERED SERVICE MEMBER?

A covered service member is one who is undergoing medical treatment, recuperation, or therapy, who is otherwise in outpatient status, or is otherwise on the temporary disability retired list, for a serious injury or illness. The serious injury or illness is covered if it was incurred while in the line of duty and renders the service member medically unfit to perform his/her military duties. The County will rely on authorized health care providers or designated officials in the Department of Defense to determine whether the service member is deemed a covered service member.

NOTICE OF LEAVE:

When the need for leave because of a **qualifying exigency** related to a family member's active duty is "foreseeable," the employee should provide notice as soon as practicable, regardless of how far in advance such leave is foreseeable. When an employee becomes aware of a need for FMLA leave less than 30 days in advance, it should be practicable for the employee to provide notice of the need for leave either the same day or the next business day. As soon as practicable means as soon as both possible and practical, taking into account all of the facts and circumstances in the individual case.

When military caregiver leave is requested, as with traditional FMLA, an employee must provide the County at least 30 days' advance notice before FMLA leave is to begin if the need for the leave is foreseeable. If 30 days' notice is not practicable, notice must be given as soon as practicable.

A Request for Military Leave Form is available from Human Resources.

ELIGIBILITY NOTICE/RIGHTS AND RESPONSIBILITIES:

Employees will receive the same Eligibility Notice and Notice of Rights and Responsibilities when requesting military FMLA leave as are given under traditional FMLA. The County will provide employees who request military FMLA leave with the appropriate certification form for Qualifying Exigency Leave or Military Caregiver Leave at this time. The Eligibility Notice/Rights and Responsibilities Notice are available from Human

Resources.

CERTIFICATION FOR LEAVE TAKEN BECAUSE OF A QUALIFYING EXIGENCY:

The first time an employee requests leave because of a qualifying exigency, the employee must provide a copy of the covered military member's active duty orders or other documentation issued by the military. The documentation must indicate that the covered military service member is on active duty or called to active duty status in support of a contingency operation and the dates of the covered military member's active duty service. The employee shall need to supply such documentation again only if requesting leave for a different active duty or call to active duty status of the same or a different covered military member.

A Certification for Qualifying Exigency Leave Form is available from Human Resources; it includes a list of approved qualifying exigencies. A completed certification form is required in order for the employee to be granted this Leave.

The County also may contact an appropriate unit of the Department of Defense to request verification that a covered military service member is on active duty or called to active duty status, without the employee's permission.

The County may require confirmation of the employee's relationship with the service member at any time in this process.

CERTIFICATION FOR MILITARY CAREGIVER LEAVE:

When an employee takes leave to care for a covered service member with a serious injury or illness, the County will require the employee to obtain a certification completed by an authorized health care provider of the covered service member. A Certification for Military Caregiver Leave Form is available from Human Resources. Except as stated below, a completed form is required in order for the employee to be granted this Leave. The County may require confirmation of the employee's relationship with the covered service member at any time in this process.

In lieu of any certification, the County will accept Invitational Travel Orders (ITOs) or Invitational Travel Authorizations (ITAs) issued to any family member to join an injured or ill service member at his or her bedside, regardless of whether the employee is named in the order or authorization. An ITO or ITA is sufficient certification for the duration of time specified in the ITO or ITA. During that time period, an eligible employee may take leave to care for the covered service member in a continuous block of time or on an intermittent basis.

The County may seek authentication and clarification of the ITO or ITA but will not seek a second or third opinion or a re-certification during the period of time in which the employee's leave is supported by an ITO or ITA.

If an employee will need leave to care for a covered service member beyond the expiration date specified in an ITO or ITA, the County will request that the employee have one of the authorized health care providers complete a certification form for the additional time. Timelines designated under the traditional FMLA policy will apply for return of such certifications.

In all instances in which certification is requested, it is the employee's responsibility to provide the County with complete and sufficient certification, and failure to do so may result in the delay or denial of FMLA leave.

The County may seek authentication and/or clarification of the Certification Form but will not seek second and third opinions or re-certifications for military FMLA leave.

DURATION OF MILITARY FAMILY AND MEDICAL LEAVE:

Eligible employees using qualifying exigency leave will be entitled to a cumulative total of 12 workweeks of FMLA leave within a 12-month leave period and are covered by the same policy provisions (as to duration, benefits, return to work, etc.) as employees requesting traditional FMLA leave, as detailed above.

Employees using military caregiver leave alone or military caregiver leave in combination with traditional FMLA-qualifying leave or qualifying exigency leave may take up to 26 workweeks of leave during any single 12-month period. The amount of the leave taken for traditional or qualifying exigency is limited to a total of 12 workweeks; the difference may be taken as military caregiver leave. The 26 workweeks of military caregiver leave run on a separate FMLA year that commences with the first day leave is taken and can run forward until the end of that 12-month period. Any combination of FMLA leave may not exceed the maximum limit of 26 workweeks in that single 12-month period. Unused military caregiver leave is forfeited at the end of that 12-month period.

With regard to the military caregiver leave, if both a husband and wife work for the County, the husband and wife's leave is limited to a combined total of 26 workweeks for military caregiver leave alone. The same 26-workweek limitation applies when in combination with any other 12-workweek FMLA leave, with the exception of caring for a seriously ill child, which expands the traditional FMLA entitlement of 12 workweeks to 24 for the mother and father combined. (Generally, family members would be limited to 12 workweeks for care due to the birth, adoption, or placement of a child or the care of a qualifying relative during the 12-month period.)

In certain cases, leave may be taken on an intermittent basis or the employee may work a reduced schedule. Intermittent leave must be necessary and should be scheduled to avoid disruption insofar as is reasonable.

A Certification for Military Caregiver Leave is available from Human Resources.

POLICY 07-11

HOLIDAY LEAVE

Effective Date: October 27, 2020

Revised Date: August 9, 2022

The Board of Supervisors at the beginning of each calendar year shall approve designated holidays to be observed by the Administrative Division. These generally are those holidays recognized by the state and federal governments (subject to amendment by action of the Board of Supervisors). Full-time employees shall be paid at their regular rate of compensation for holidays as designated by the Board of Supervisors, unless the employee is subject to disciplinary suspension from employment at the time of the holiday.

No paid work by any Administrative Division employee or Department (Emergency Services Division outlined below) may be performed on a designated County holiday without prior written approval of the County Administrator or his/her Designee. All Administrative Division Department Directors must submit a written request for approval to work departmental employees on a County holiday to the County Administrator or his/her Designee, no less than ten working days prior to the designated holiday.

Upon approval of the County Administrator or his/her Designee, time worked by full-time, FLSA non-exempt employees during a designated County holiday, or during a closing of County offices other than for a County holiday (such as due to inclement weather or other circumstance where the closure is declared by the County Administrator or his/her Designee, or the Board of Supervisors) will be compensated in pay at a rate equal to one and one-half times the employee's regular hourly rate of compensation for non-exempt employees pursuant to Part 8 of the Personnel Policy Manual. This shall be referred to as the "holiday rate" of compensation. During designated closing of County offices including holidays, no part-time or temporary employees are eligible to be compensated at the "holiday rate"; any time worked by such employees during designated County holidays or during a designated closing of County offices shall be at the employees' regular hourly rate of pay.

In the event a full-time employee attends a work-related function or activity on a designated County holiday conducted at some other location other than the employee's primary place of work involving education, training, technical assistance, workshops, seminars, symposiums, conferences, or other types of instructional or informational meeting events, the employee shall be entitled to receive up to eight hours of additional P.T.O. upon approval of the County Administrator or his/her Designee. The "holiday rate" of compensation shall not be applied to such work-related activities.

If a designated County holiday falls on a full-time employee's scheduled day off other than Saturday or Sunday, the employee shall be allowed eight hours of P.T.O. Leave earned in this manner shall be subject to the provisions of Policy 07-04 of the Personnel Policy Manual. No part-time or temporary employees are eligible to earn P.T.O. in this manner.

EMERGENCY SERVICES DIVISION

Full-time employees who are not required to work on a holiday receive their rate of basic pay for the applicable number of “basic work requirement” hours.

On a holiday, full-time employees under compressed work schedules are excused from all of the non-overtime hours they would otherwise work on that day—that is, their “basic work requirement” hours. For example, if a holiday falls on a 9,10 or 12-hour basic workday, the employee’s holiday is 9,10 or 12 hours, respectively.

Employees that are scheduled to work on a County paid holiday will not be paid over-time pay but will be allowed to take another day off at a later time at their regular scheduled hours and basic pay for that day. The hours given for any holiday must be taken off within three (3) months or the time will be forfeited.

Over-time work on a holiday for full-time non-exempt employees under a compressed work schedule is work in excess of their “basic work requirement” hours. Basic work requirement hours and credit hours are not over-time hours.

Part-time employees will not be paid holiday pay for any hours worked on a County holiday.

POLICY 07-12

COMPENSATION OF LEAVE AT TERMINATION OF EMPLOYMENT

Effective Date: October 27, 2020

Revised Date:

A. Paid Time Off (P.T.O.)

An employee shall be compensated in one lump sum for the balance of accrued but unused P.T.O. (Paid Time Off) up to the maximum payout amount, pursuant to Policy 07-04 of the Personnel Policy Manual and compensatory time when he/she terminates employment within the Administrative Division by virtue of retirement, voluntary separation or dismissal from employment.

Compensation for accrued but unused P.T.O. will be rendered on the basis of the employee’s average rate of compensation between the current and the previous County fiscal year or portion thereof when the employee was in service, or the employee’s present rate of compensation in the event the employee has only been in service during the present fiscal year. The rate of compensation will be converted to a rate per one hour of employment based on (2,080) work hours per County fiscal year. The total number of accrued but unused P.T.O. will be converted to hours or portion thereof and multiplied by the hourly rate of compensation, the product being the amount of compensation due the employee. Any P.T.O. in excess of the maximum payout amount pursuant to Policy 07-04 of the Personnel Policy Manual at the time of

termination shall be forfeited without compensation.

B. Sick Leave

An employee shall be compensated (all full time employees hired prior to January 1, 2014) for the balance of accrued but unused Sick Leave up to the maximum payout amount, pursuant to Section 07-05 of the Personnel Policy Manual. At termination, the County will compensate employees up to the maximum amount allowed (1,040) work hours at the rate of \$6.25 per hour or a maximum of \$6,500. Any hours of Sick Leave in excess of the limits set out herein shall be forfeited without compensation upon termination of employment.

C. Compensatory Time

An employee shall upon termination of employment be paid for all unused compensatory time at the employee's regular rate of compensation in effect at the time compensation is rendered pursuant to Policy 13-02 of the Personnel Policy Manual. The rate of compensation will be converted to a rate per one hour of employment based on (2,080) work hours per County fiscal year. The total number of accrued but unused compensatory time hours or portions thereof will be multiplied by the hourly rate of compensation, the product being the amount of compensation due the employee. Compensatory time hours are accrued and recorded on the basis of one and one half times the number of hours the employee actually worked over forty hours in any designated seven day work week.

POLICY 07-13

POLICY 07-16

ABSENCES WITHOUT LEAVE

Effective Date: *October 27, 2020*

Revised Date:

Absences without leave time available will be deducted in pay from the employee during the month when the absence without leave occurred. Disciplinary action including termination of employment may be taken where a full time employee is absent more than five successive working days without leave, or for absences without leave in excess of five working days separately throughout a County fiscal year.

POLICY 07-17

WORKER'S COMPENSATION

Effective Date: *October 27, 2020*

Revised Date:

Administrative Division employees injured on the job are afforded protection in accordance with the Virginia Worker's Compensation Act. The County as an employer covers the full cost of Worker's Compensation insurance for all its employees. The County's Workers' Compensation insurance costs are based on the number of injuries that its employees suffer. The lower the injury rate, the lower the County's insurance costs, which means that more money can be put back in the County for its benefit and its employees.

Any employee involved in an accident on the job resulting in personal injury must take the following steps to be eligible to file a claim for Worker's Compensation.

- A. Employees should immediately report injuries to their Department Director, or in the absence of the Department Director, to the Human Resources Department, so that the employee can receive fast and effective treatment. The employee shall call the 24-7 **Company Nurse Line (1-888-770-0925, County Code V120)** to provide the following information: (1) how the injury occurred; (2) where the employee was working when the injury occurred; (3) what time the injury occurred; (4) a description of the injury, and (5) the

name of persons who may have witnessed the accident that resulted in the injury.

- B. If the employee requires immediate medical treatment, the employee's Department Director or other County employee may transport the injured employee to the nearest medical facility and must advise the registrar at that facility that the employee was injured on the job.
- C. If the employee does not require immediate medical treatment, the employee should consult with a physician as soon as possible if medical difficulties arise that appear associated with the on-the-job injury. All employees are encouraged to follow the advise of the Company Nurse on seeking immediate medical attention for a work-related injury regardless of the severity of the injury. Medical treatment sought days after an injury may not be considered claimable under the County's Worker's Compensation insurance policy. Employees must advise any medical personnel treating them that their injury occurred while on the job.
- D. An injured employee should seek treatment by a physician who is a participant in the County's Workers' Compensation Coverage Plan. A list of these physicians can be found in the Human Resources Department. If an injured employee chooses a physician who is not a member of this group, the employee may be responsible for the entire cost of medical treatment rendered by the non-member physician.
- E. After receipt of medical treatment (if necessary), the employee is responsible for providing all medical bills associated with the injury to the County's Insurance Carrier or to the Human Resources Department for filing with the insurance carrier. The carrier will then request all medical records associated with the injury in order to process the claim and determine payment of any medical bills associated with the injury. A representative of the insurance carrier will contact the employee directly if additional information is needed.

POLICY 07-18

WORKER'S COMPENSATION AND EMPLOYEE PAY

Effective Date: *October 27, 2020*

Revised Date:

Worker's Compensation insurance provides benefits for employees who are absent from work due to injury by accident arising out of and in the course of employment or "occupational disease" as defined in the Virginia Worker's Compensation Act, both of which shall hereinafter be referred to as "job-related injury". The County pays the entire cost of this insurance, which covers all County Administrative Division employees. The County's Worker's Compensation insurance costs are based on the number of job related injuries the County suffers. The lower the County's injury rate, the lower the costs. Should an employee sustain a job-related injury, Worker's Compensation insurance will provide medical coverage and income replacement for the period of the employee's disability as required by law.

Injuries sustained by telecommuting employees while working at a home location and in conjunction with their regular work duties are normally covered by the County's Worker's Compensation insurance. Telecommuting

employees are responsible to notify their Department Director or County Administrator or his/her Designee of such injuries in accordance with the Policy set forth in Section 07-17 of the Personnel Policy Manual. Injuries that do not occur in the course of employee's employment are matters of personal liability.

LIGHT DUTY:

In the event of job-related injury of an employee, the employee's Department Director is encouraged to consider the possibility of light duty assignments consistent with written recommendation of the injured employee's physician. Such assignments shall be at the discretion of the Department Director with written permission from the County Administrator or his/her Designee. Employees assigned to light duty responsibilities while recovering from job-related injury are advised to perform only functions that are consistent with their physician's recommendations. The County is not required to provide for light duty assignments that do not materially contribute to the operation of the department to which the injured employee is assigned, nor will the County temporarily transfer injured employees to other departments for the purpose of light duty assignments.

ADMINISTRATION OF WORKER'S COMPENSATION PAY

Under state law, Worker's Compensation pay does not begin until after the first seven calendar days of incapacity resulting from job-related injury, but if incapacity extends beyond that period, compensation shall commence with the eighth day of disability. Therefore, during the first seven days of incapacity due to a work-related injury, the County will apply the employee's accrued P.T.O. (Paid Time Off) or Sick Leave as the source of compensation to the employee for any time within that time period that the employee is absent from work due to job-related injury. Leave time will be deducted accordingly. Any time for which the employee does not have accrued leave time will be treated as leave without pay.

Upon the eighth day of disability, state law provides that Worker's Compensation insurance shall pay two-thirds of an employee's salary or hourly wage. If the employee has accrued leave time, the County will follow the procedure described herein to continue making full compensation to an employee who is absent due to job-related injury. Upon the eighth day of incapacity, and if an employee has adequate leave time accrued, the County will ask its Worker's Compensation insurance carrier to write the Worker's Compensation paycheck in favor of the County. The County shall then apply the Worker's Compensation payment, which is two-thirds (66%) of the employee's usual pay, toward the employee's salary/wage. The County will draw the remaining one-third (33%) day's pay from the employee's accrued leave time for each day of absence so that the employee will receive a paycheck for a full day as long as accrued leave time is available to supplement the Worker's Compensation Insurance payment. Time will be deducted from the employee's accrued leave time, accordingly. The employee shall continue to accrue leave benefits pursuant to Policy 07-15 of the Personnel Policy Manual and their Virginia Retirement System (VRS) retirement service credit will be accrued at the same rate as if the employee were working on the job. Payments for payroll benefits shall be deducted from the compensation payment made to the employee.

State law provides that upon the twenty-second day of incapacity due to job-related injury, Worker's Compensation insurance shall reimburse two-thirds (66%) of the employee's usual pay for each day of absence from work during the first seven days of incapacity. The County's Worker's Compensation insurance carrier shall make this reimbursement paycheck in favor of the County. Upon receipt of the reimbursement paycheck from Worker's Compensation insurance, the County shall reimburse to the employee two-thirds (66%) of any leave time deducted to cover the employee's salary/wage for absence during the first seven days of incapacity.

After the employee exhausts accrued leave time from its use to supplement the Worker's Compensation insurance payments, the employee shall begin to receive the Worker's Compensation paycheck directly. The County shall, after exhaustion of the employee's accrued leave time, begin managing the employee's benefits as it would for an employee on leave without pay. The employee shall become responsible to pay directly to the County all of the employee's share of payroll benefits (i.e., health insurance, disability insurance, and other cafeteria plan benefits). If the employee continues to be absent due to a job-related injury after accrued leave time is exhausted, the employee shall not continue to accrue P.T.O., Sick Leave, or VRS retirement service credit pursuant to the provisions of Part 7 of the Personnel Policy Manual.

TERMINATION OF EMPLOYMENT

In accordance with state law, the County shall not terminate employment on the basis of excessive absenteeism if such employee's absence is due to a job-related injury compensable under the Virginia Worker's Compensation Act; unless such extended absence causes the County undue hardship (as defined by the Americans With Disabilities Act). The County Administrator or his/her Designee shall have discretion in the event of undue hardship, upon recommendation from the Department Director and the Human Resources Department where appropriate, to terminate employment of such employee on the basis of excessive absenteeism.

POLICY 07-19

DISABILITIES POLICY

Effective Date: October 27, 2020

Revised Date:

POLICY

- A. The County will provide reasonable accommodation to enable a qualified job applicant with a disability to complete the job application process, and to enable a qualified employee with a disability to perform the essential functions of a job currently held.
- B. Persons who pose a direct threat to the health or safety of themselves or other individuals in the workplace, for whom a reasonable accommodation cannot be made to eliminate such threat, will not be hired if such

person is a job applicant, or, if such person is an employee, will be placed on administrative leave until an organizational decision is made in regard to the immediate employment situation.

- C. Individuals who are currently using illegal drugs are not protected by the ADA and ADAAA and, therefore, are excluded from coverage under the County's Disabilities Policy. Tests for illegal use of drugs are not medical examinations under the ADA, are not subject to restrictions of such examinations, and shall be conducted by the County in accordance with its policy for such testing.
- D. The County strictly prohibits harassment or discriminatory conduct related to an applicant or employee request for reasonable accommodation. In the event of such conduct, the applicant or employee is referred to the County Personnel Policy and Procedures Manual Workplace Harassment and Discrimination Policy.

PURPOSE

- A. The American with Disabilities Act (ADA) and the Americans with Disabilities Act Amendments Act (ADAAA) are federal laws that require employers with 15 or more employees as well as state and local governments, regardless of the number of employees, not to discriminate against job applicants and individuals with disabilities and, when needed, to provide reasonable accommodations to job applicants and employees who are qualified for a job, so that they may complete the process to apply for employment and perform the essential job duties of the position, respectively.
- B. It is the policy of Washington County to comply with all federal and state laws concerning the employment of persons with disabilities and to act in accordance with regulations and guidance issued by the Equal Employment Opportunity Commission (EEOC). Furthermore, it is County policy not to discriminate against qualified individuals on the basis of their disability in regard to all employment practices, including job application procedures, hiring, advancement, discharge, compensation, training and other terms, conditions and privileges of employment. The County also prohibits discrimination against persons because they have a known association or relationship with an individual with a disability.
- C. This Disabilities Policy provides guidance and the procedure through which individuals may request reasonable accommodation and the manner in which departments should consider and review those requests. It is intended to assist applicants for employment, current employees, and department directors in requesting and processing reasonable accommodation requests.

PROCEDURE

- A. It is the responsibility of the applicant or employee to advise the Department of Human Resources or his/her Department Director of their request for accommodation.

- B. Any applicant for employment or current employee, or his/her representative, is required to request reasonable accommodation by filing with the Department of Human Resources a form to be provided by the Department of Human Resources to describe the nature of the accommodation being requested.
- C. The Director of the Department of Human Resources is available to provide information and assistance in the preparation, explanation, and processing of a request for reasonable accommodation.
- D. All requests for accommodation must indicate the following:
 - 1) Name, address, and telephone number of the person making the accommodation.
 - 2) The specific limitation, the type of accommodation requested, and an explanation of how the accommodation will allow the performance of the essential functions of the position of employment.
- E. Verification of the disability by the requester's physician, medical provider or vocational/rehabilitation counselor may be required. If medical verification is required, the requester must sign a release form. However, such verification will not be required of a job applicant unless a bona fide job offer has been made, contingent solely upon outcome of reasonable accommodation request consideration.
- F. The County will make every reasonable effort to maintain confidentiality of all communications regarding reasonable accommodation interactive process and any associated medical information.
- G. The following factors will be taken into consideration in review of a request for accommodation:
 - 1) Analyze the job or activity to determine the essential functions.
 - 2) Determine with the employee or applicant how the disability limits their performance of the essential functions.
 - 3) Identify accommodation options that overcome limitations and determine the effectiveness and feasibility of the proposed accommodations.
 - 4) In consideration of both the requester's preferences and the needs of the County, the County will select the accommodation most appropriate for both the requester and the County.
- H. If the request is approved, the Director of Human Resources will notify the requester and coordinate with the Director of the applicable Department to make the necessary implementation arrangements.
- I. If the request is denied, the requester may appeal to the County Administrator for additional consideration within 15 calendar days of written notice of denial from the Director of Human Resources.
- J. Review and determination by the County Administrator will be completed within 21 calendar days from the County Administrator's receipt of the request for appeal. The County Administrator will provide a written record of the decision on the appeal, which shall be delivered to the Requester personally or to the

address provided in the accommodation request form.

K. The deadlines stated, above, may be extended by mutual agreement of the requester and the County Administrator.

PART 8

COMPENSATORY TIME AND OVERTIME

POLICY 08-01

GENERAL

Effective Date: October 27, 2020

Revised Date:

It is the County's policy to comply with the provisions of Title 29, Chapter 8 of the United States Code, commonly referred to as the Fair Labor Standards Act of 1938, as amended, hereinafter referred to as the "FLSA". Accordingly, any Administrative Division employee who is not exempt as provided for herein and who actually works more than forty (40) hours in any seven (7) consecutive day work week shall be compensated for those hours worked in excess of those above specified in accordance with Section 207 of the FLSA. The FLSA and this Manual Section shall govern the compensatory time and overtime policies of the Administrative Division of the County government. Where there is a conflict between the provision of this Manual Section and the FLSA, the FLSA shall govern.

POLICY 08-02

EXEMPT POSITIONS

Effective Date: October 27, 2020

Revised Date:

The County Administrator shall determine which positions within the Administrative Division are "exempt" pursuant to FLSA provisions. This determination shall be noted on the Position Descriptions for the affected positions. Employees holding these positions shall not be eligible to earn compensatory time or overtime pay.

POLICY 08-03

NON-EXEMPT POSITIONS

Effective Date: October 27, 2020

Revised Date:

The County Administrator shall determine which positions within the Administrative Division are "nonexempt" pursuant to FLSA provisions. This determination shall be noted on the Position Descriptions for the affected positions. Employees holding these positions shall be eligible to earn compensatory time or overtime pay.

Non-exempt positions are eligible to receive overtime pay in the event any such position is authorized to work more than forty (40) hours in any seven (7) day work week.

POLICY 08-04

ELIGIBILITY FOR COMPENSATORY TIME

Effective Date: October 27, 2020

Revised Date:

An employee's eligibility to earn compensatory time depends upon the position the employee holds within the Administrative Division, and whether that position is determined to be "exempt" or "nonexempt" from the provisions of the FLSA as applied to local government employers. Those Administrative Division positions that the County Administrator determines to be "non-exempt" shall be eligible for compensatory time. Those positions determined to be "exempt" shall not be eligible for compensatory time. The County Administrator is responsible for assessing the nature of the work performed by each full-time Administrative Division employee and determining whether the position is exempt or non-exempt from FLSA compensatory time provisions. The County Administrator shall undertake such an assessment and provide a written determination to the Board of Supervisors prior to the creation of any new full-time Administrative Division position by the Board of Supervisors, or within thirty (30) calendar days of the initial filling of any newly-created position in the event the exempt/non-exempt status of the position is uncertain until the position is filled and work is being performed. During the time prior to such an evaluation, an employee performing work-related duties in excess of 40 hours during any designated seven (7) day workweek will be eligible for compensatory time. This time if earned will not be forfeited by the employee if it is later determined that the position is exempt from compensatory time.

POLICY 08-05

DEFINITION OF COMPENSATORY TIME

Effective Date: October 27, 2020

Revised Date:

The County defines "compensatory time" as the amount of time an employee is permitted to take off for personal use during his/her regular work schedule for time in the performance of work-related duties in excess of forty (40) hours during any designated seven (7) consecutive day workweek. All hours worked over 40 during any seven-day work week are multiplied by a factor of 1.5 (one and one-half times) and the product becomes the amount of time the employee accrues as compensatory time and is recorded as such on the employee's time sheet. Compensatory time when taken off is paid to the employee at the employee's regular rate of compensation.

POLICY 08-06

SPECIAL CIRCUMSTANCES INVOLVING COMPENSATORY TIME

Effective Date: October 27, 2020

Revised Date:

Compensatory time or overtime pay may also be earned for hours worked in excess of forty (40) in any seven-day workweek by non-exempt employees for travel time to and from work-related functions or activities. These functions or activities must be conducted at some other location other than the employee's primary place of work and involve education, training, technical assistance, workshops, seminars, symposiums, conferences, or other types of instructional or informational meeting events to which the employee was directed to attend by his/her department director or the County Administrator.

Compensatory time or overtime pay may not be earned for time worked by non-exempt employees for the following activities:

- A. For travel time to and from any work-related function or activity conducted at some other location other than the employee's primary place of work which the employee on his/her own initiative requested to attend and was granted permission by his/her department director or the County Administrator.
- B. For travel or commuting time spent on any mode of transportation to or from any destination where a regular or routine work-related function or activity is being conducted.
- C. For attending or participating in optional social, work-related events or activities incidental to employment with the County, or for attending or participating in workshops, seminars or other types of instructional or informational meetings pertaining to County employment benefits programs.

POLICY 08-07

AUTHORIZATION TO EARN COMPENSATORY TIME

Effective Date: October 27, 2020

Revised Date:

All Administrative Division employees must be pre-authorized in writing by their department directors or the County Administrator before compensatory time may be earned. This pre-authorization may be in the form of a "blanket" pre-authorization which designates the types of anticipated or routine work-related duties from which compensatory time may accrue, or in the form of a specific pre-authorization where the work-related duties to be performed are generally non-reoccurring. A blanket pre-authorization must be executed by the employee's department director and the County Administrator and filed in the employee's Permanent Personnel Records. A specific pre-authorization may be executed by the employee's department director (or

by the County Administrator for department directors) and attached to the employee's time sheet when submitted to the Department of Human Resources.

POLICY 08-08

USE OF COMPENSATORY TIME

Effective Date: *October 27, 2020*

Revised Date:

When earned, compensatory time must be used (taken off) by the employee by no later than December 31 and June 30 each year for time earned in each preceding six (6) calendar month period. All compensatory time earned but unused by the employee shall be converted to pay at the employee's present regular rate of compensation and remitted to the employee in January and July of each year. Exception to this provision may be made when a non-exempt employee is on extended Sick Leave for a major medical condition as of December 31 or June 30. In this event, the employee may request in writing to the County Administrator to be permitted to carry forward all or a portion of accrued but unused compensatory time in anticipation of the use of that paid time off in lieu of or addition to Sick Leave. If requested, the County Administrator shall grant the request and shall render in pay to the employee all remaining accrued but unused compensatory time carried forward in this manner as soon as practical upon the employee's return to work.

Requests for use of compensatory time must be submitted by the employee in person to his/her department director on County-approved forms no later than twenty-four (24) hours prior to the date or time in which the compensatory time is requested for use. In the absence of an employee's department director, an employee may submit the request in person to the County Administrator or Acting County Administrator. Where a department has a Supervisor/Specialist position assigned to it, the department director at his/her discretion may authorize the Supervisor position to approve such requests, and is directed to instruct departmental employees accordingly. Employees who are shared between two or more departments must receive approval for use of compensatory time from all affected department directors.

Under the FLSA, the County as an employer may not compel any employee to use compensatory time once earned. Department directors and the County Administrator may take such work scheduling actions as are possible and practical to prevent the earning of compensatory time by employees. Such actions may include reducing an employee's regular working hours where it is known in advance that compensatory time is likely to be earned by an employee during any given work week. Specific policies, guidelines, and procedures to reduce the likelihood of employees earning compensatory time may be embodied in departmental operating procedures established pursuant to Policy 06-06 of this Manual or set out separately, either issued or approved by the County Administrator. Department directors and the County Administrator are obligated to permit the use of compensatory time by employees as long as the employee's absence will not unduly disrupt the operations of the department(s) to which the employee is assigned. Generally, compensatory time may be used by the employee in periods no greater than twenty-four (24) hours (three (3) working days) within any given fourteen (14) calendar day period. The County Administrator, with the concurrence of the affected

department director(s) may waive this restriction and allow for more than three (3) working days of compensatory time to be taken off by an employee within a 14-day period if this will not unduly disrupt operations of the employee's department(s).

POLICY 08-09

PAY FOR COMPENSATORY TIME ABOVE 240 HOURS

Effective Date: October 27, 2020

Revised Date:

Any non-exempt Administrative Division employee who has earned a total of two hundred and forty (240) hours of unused compensatory time (one hundred and sixty (160) actual overtime working hours) within any July 1 - December 31 or January 1 - June 30 time period shall be paid overtime compensation for any additional overtime hours beginning with the 241st hour of compensatory time. Any portion of the accrued but unused 240 hours of compensatory time remaining on December 31 or June 30 each year shall be converted to pay at the employee's regular rate of compensation in effect at the time compensation is rendered and remitted to the employee pursuant to Policy 08-08.

POLICY 08-10

PAY FOR COMPENSATORY TIME AT TERMINATION

Effective Date: October 27, 2020

Revised Date:

An employee shall, upon termination of employment with the County, be paid for all unused compensatory time in accordance with the provision of the FLSA. Such compensation shall be at the employee's regular rate of compensation in effect at the time compensation is rendered pursuant to Policy 13-02 of this Manual.

POLICY 08-11

RESERVED

Effective Date:

Revised Date:

POLICY 08-12

COMPENSATORY TIME AND OVERTIME PAY FOR PART-TIME AND TEMPORARY EMPLOYEES

Effective Date: October 27, 2020

Revised Date:

No part-time, temporary/part-time or temporary/full-time Administrative Division employee will be permitted to work a schedule which would exceed forty (40) hours in any given seven (7) day work week so as to be eligible for compensatory time or overtime pay.

POLICY 08-13

TRANSITION OF EMPLOYEES FROM NON-EXEMPT/EXEMPT POSITIONS

Effective Date: October 27, 2020

Revised Date:

In the event an employee transitions from a non-exempt to exempt position (either through promotion, demotion, transfer, change in status determination or retitling and/or consolidation of positions), any unused compensatory time shall be converted to pay and remitted to the affected employee as soon as practical.

POLICY 08-14

PART-TIME EMPLOYMENT AND COMPENSATORY TIME/OVERTIME

Effective Date: October 27, 2020

Revised Date:

No full-time Administrative Division employee may engage in part-time or temporary/part-time employment within any other Administrative Division department. No part-time Administrative Division employee may engage in temporary/full-time or temporary/part-time employment within any other Administrative Division department.

If an Administrative Division employee undertakes solely at his/her discretion employment for the County in a position outside of the Administrative Division, the hours of different employment shall be excluded from the calculations of compensatory time or overtime earned by that employee.

POLICY 08-15

OVERTIME PAY

Effective Date: October 27, 2020

Revised Date:

The County defines "overtime pay" as the amount of compensation an employee may be paid for the performance of work-related duties in excess of 40 hours during any designated seven (7) consecutive day workweek. Overtime pay may be rendered during the regular pay period only to certain positions within the Administrative Division. The employee's regular rate of compensation (whether annual salary or hourly wage) in the affected positions is converted to an amount per one (1) hour of employment. The conversion of annual salary to an amount per one (1) hour of employment will be on the basis of the annual salary figure divided by two thousand and eighty (2,080) work hours per County fiscal year. This is referred to as the "salaried hourly rate", and multiplied by a factor of 1.5 (one and one-half times), the product becomes the amount of compensation due the employee for each (1) hour of actual overtime worked (referred to as the "salaried overtime rate").

POLICY 08-16

OVERTIME-ONLY POSITIONS

Effective Date: October 27, 2020

Revised Date:

Due to the nature of the work involved and staffing limitations in some Administrative Division departments, certain positions are designated as "overtime-only", meaning that employees in these positions are not eligible for compensatory time but will be compensated for all time worked in excess of forty (40) hours per seven-day work week through overtime pay. These departments and positions are as follows:

- 1) Department of General Services:
 - General Services Custodial Technician
 - General Services Maintenance Technician
 - General Services HVAC Technician
- 2) Department of Solid Waste:
 - Solid Waste Supervisor & Technician
 - Convenience Station Attendant
 - Solid Waste Operator/Driver

Subject to approval by the Board of Supervisors, the County Administrator may recommend changes or additions to the departments and positions designated as overtime-only. In the event of a transition of an employee's position from compensatory time eligibility to overtime-only status, the balance of accrued and

unused compensatory time owed to such an employee may be retained and used by the employee until December 31 or June 30, whichever date is nearest, at which time any remaining unused balance shall be remitted pursuant to Policy 08-08.

POLICY 08-17

ADDITIONAL ANNUAL LEAVE DURING WEEKS WITH HOLIDAYS

Effective Date: October 27, 2020

Revised Date:

During work weeks having one (1) or more designated County holidays pursuant to Policy 07-11 of this Manual, additional Annual Leave for all full-time Administrative Division employees shall be accrued or earned for hours worked in excess of the required work hours designated for that week. The required work hours for weeks with holidays are equal to forty (40) hours reduced by eight (8) hours, or portion thereof, for each designated County holiday during that week. All hours worked over the required work hours but less than or equal to forty (40) during any seven-day work week with designated County holidays shall be multiplied by a factor of 1.0 (hour for hour) and the product becomes the amount of time the employee shall accrue as additional Annual Leave. This additional Annual Leave shall be recorded on the employee's timesheet. All hours worked on a designated County holiday are excluded from the calculations of hours worked for the week under this section. Provisions concerning compensation for working on a designated County holiday are covered in Policy 07-11 of this Manual.

PART

9

**GRIEVANCE
PROCEDURE**

POLICY 09-01

GENERAL

Effective Date: October 27, 2020

Revised Date:

Pursuant to §15.2-1506 of the 1950 Code of Virginia, as amended, there is hereby established a grievance procedure for Administrative Division employees that affords an immediate and fair method for the resolution of disputes which may arise between the County and its employees. It shall be the County's responsibility as an employer to encourage the resolution of employee problems and complaints. To that end, employees must be able to freely, and without retaliation, discuss their concerns with their immediate supervisors and management. Such written notification by the grievant shall be made to the County Administrator.

POLICY 10-04

WORKPLACE HARASSMENT AND DISCRIMINATION

Effective Date: October 27, 2020

Revised Date:

POLICY

Washington County strives to create and maintain a work environment in which people are treated with dignity, decency and respect. All matters relating to the conduct of County government should be characterized by mutual trust and absence of intimidation, oppression, and exploitation. The accomplishment of this goal is essential to the success of the County. For that reason, the Board of Supervisors and County Administrator strictly prohibit unlawful discrimination and harassment, in the relations between and among employees, management staff, employees of outside vendors, and in relations with the public.

APPLICABILITY

Washington County, in compliance with all applicable Federal, State and local anti-discrimination and harassment laws and regulations, strictly forbids discrimination and/or harassment on the basis of race, sex, color, national origin, religion, pregnancy, sexual orientation, gender identity, age, marital or veteran status, political affiliation, genetics, physical or mental disability, or other category protected by state or federal law. Any behavior that offends, insults, or threatens a County employee, or which is done by a County employee, should be reported in accordance with this policy.

All employees, regardless of their positions, are covered by and expected to comply with this policy; and to take appropriate measures to ensure that prohibited conduct does not occur.

PROGRAM

A. Complaint Procedure:

Complaints of workplace discrimination or harassment should be reported as soon as possible after the incident occurs. Allegations of discrimination or harassment, whether it is personally experienced or if it is witnessed, should be reported directly to the Human Resources Director, or if the Human Resources Director is the source of such complaint, then the allegation should be reported directly to the County Administrator or his/her designee. All allegations of harassment will be investigated. To the extent possible, the reporting party's confidentiality and that of any witness and the alleged offender will be protected against unnecessary disclosure.

B. Disciplinary Action:

Disciplinary action will be taken against any employee who violates this policy. Based on the seriousness of the offense, disciplinary action may include verbal or written reprimand, or termination of employment.

Notification will be given to non-employees who are determined to have violated this policy and appropriate measures taken to protect the affected employee. Department heads who allow workplace harassment to continue or who fail to notify the Director of Human Resources, County Administrator, or his/her designee, as directed in this policy, upon becoming aware of a harassment complaint, may be considered parties to the offense and consequently potentially subject to disciplinary action or termination.

C. Prohibited Conduct Under this Policy:

1) **Discrimination**

The County shall not tolerate unlawful employment discrimination, which is the provision of employment opportunities, benefits, privileges, or other employment related decisions on the basis of race, sex, color, national origin, religion, pregnancy, sexual orientation, gender identity, age, marital or veteran status, political affiliation, genetics, physical or mental disability, or other category protected by state or federal law. Employment-related decisions shall be made on the basis of job-related performance standards.

2) **Harassment**

Harassment is unwelcome verbal or physical conduct designed to threaten, intimidate or coerce in the relations between and among employees, management staff, employees of outside vendors, and in relations with the public in the context of conducting business on behalf of Washington County. Verbal taunting (including racial and ethnic slurs, jokes, and epithets) that impair the ability of an employee to perform their job is included in the definition of harassment.

- a. Verbal: Verbal harassment includes comments that are offensive or unwelcome regarding a person's nationality, origin, race, color, religion, gender, sexual orientation, age, body, disability or appearance, including epithets, slurs, and negative stereotyping.
- b. Non-Verbal: Non-verbal harassment includes unwelcome physical contact and also the distribution, display or discussion of any written or graphic material that ridicules, degrades, insults, belittles or shows hostility, aversion or disrespect toward an individual or group because of national origin, race, color, religion, age, gender, sexual orientation, pregnancy, appearance, disability, sexual identity, marital or other protected status.

3) **Sexual Harassment**

Unwelcome sexual advances, requests for sexual favors, sexual demands; or other verbal, visual, or physical conduct of a sexual nature will constitute sexual harassment when it is made explicitly or implicitly a term or condition of employment; is used as basis for an employment decision; unreasonably interferes with an employee's work performance; or creates an intimidating, hostile or

otherwise offensive environment either for the target of the conduct or for a third-party complainant who is offended by such communications between others.

- a. Verbal: Verbal sexual harassment includes innuendoes, suggestive comments, jokes of a sexual nature, sexual propositions, lewd remarks and threats, requests for any type of sexual favor, and verbal abuse or "kidding" that is oriented toward a prohibitive form of harassment, including that which is sexual in nature and unwelcome.
- b. Non-Verbal: Non-verbal sexual harassment includes the distribution, display or discussion of any written or graphic material, including calendars, posters and cartoons that are sexually suggestive or show hostility toward an individual or group because of sex, suggestive or insulting sounds, leering, staring, whistling, obscene gestures, content in letters and notes, facsimiles, e-mail, photos, text messages, tweets, and internet postings.
- c. Physical: Physical sexual harassment includes unwelcome, unwanted physical contact, including touching, tickling, pinching, patting, brushing up against, hugging, cornering, kissing, fondling, and forced sexual intercourse or assault. Sexual harassment is not determined based upon whether participation was voluntary, but rather whether the conduct was unwanted. Unwelcome advances, therefore, are sufficient to justify a complaint if the activity or verbal comments interfere with the performance of the employee on the job by creating a hostile, offensive, or intimidating working environment. Courteous, mutually respectful, pleasant, non-coercive interactions between employees, including men and women, that are appropriate in the workplace and acceptable to and welcomed by both parties are not considered to be harassment, including sexual harassment.

4) Retaliation

The County prohibits employment-based retaliation against anyone who reports a complaint of discrimination or harassment, who speaks as a witness in the investigation of a complaint, who speaks to a state or local elected official or who serves as an investigator of a complaint.

D. Employee Assistance:

The Employee Assistance Program (EAP) provides confidential counseling services to County employees. This assistance is available to all County employees that are enrolled in the County's health insurance program. Employees wishing to discuss an incident confidentially or seeking information and advice of a personal nature are encouraged to contact the EAP or the Human Resources department for assistance.

However, please note that contacting the EAP will not qualify as reporting to the Human Resources Director, County Administrator, or his/her designee a complaint of discrimination or harassment. Such complaints should be reported as stated in this policy to be sure that the complaint is investigated and

properly considered for disciplinary action or other appropriate action.

E. Investigation and Confidentiality:

Information, including documentation and written reports, obtained or created during the course of an investigation of a discrimination or harassment complaint will be kept confidential to the extent possible and according to any existing State or Federal law. During the complaint process, the confidentiality of the information received, the privacy of the individuals involved, and the wishes of the complaining person will be protected to as great a degree as is legally possible, considering the County's legal obligation to act on the complaint and the right of the charged party to obtain information.

All employees are expected to cooperate fully with investigations of reports of discrimination or harassment. Failure to cooperate fully may lead to discipline, which may include termination of employment. Further, individuals who make false statements during the course of an investigation may be subject to discipline, which may include termination of employment.

POLICY 10-05

Effective Date: October 27, 2020

Revised Date:

Employees shall refrain from disseminating such information either verbally, in writing, through the inappropriate reproduction or use of official documents, or by any other means. Employees shall exercise discretion and confidentiality in their discussion of the business of the County government with others.

No prospective employee will be asked to submit to testing unless an offer of employment has been made. A positive test result may result in rescission of the offer of employment.

B. Return to duty after 90 day leave:

Any employee who has been removed from the random testing pool and out of work for 90 or more days shall have pre-employment testing upon return to duty.

C. Transfer from non-safety sensitive position to a safety sensitive position:

As a consideration for transfer from a non-safety sensitive position to a safety sensitive position, an employee will be required to be tested for drug and alcohol use.

D. Reasonable Suspicion:

Employees will be tested whenever the individual's behavior or appearance indicates evidence of impairment on the job, which causes the employee's supervisor to question the employee's ability to perform his/her duties competently and safely. In the event test results following such reasonable suspicion are positive for drug use, including without limitation, use of marijuana products, the County shall take into consideration the employee's prescription or current medical marijuana registration that was self-reported to the Director in accordance with this policy, but the presence of such prescription or current medical marijuana registration will not in all circumstances reduce the disciplinary action determination when evidence of impairment is present.

E. Random:

Employees will be tested whenever the random selection process designates the employee for testing.

F. Post Accident:

Employees involved in workplace accidents, including without limitation, accidents involving use of motor vehicles in the course of employment, may be required to undergo testing. Employees shall be tested any time they are involved in an on-the-job vehicle accident resulting in a citation for moving violations arising from an accident that: (1) requires a vehicle to be towed, (2) results in an injury requiring immediate medical attention away from the scene, or (3) results in a fatality. Employees are prohibited from using alcohol or controlled substances following an accident that necessitates testing, as described above, until after they have been tested. Failure to report a workplace accident shall result in disciplinary measures, up to and including possible termination of employment. If the accident results in the death of the employee, blood/urine samples may be tested for the presence of drugs/alcohol.

G. Other Testing:

Employees will be tested after return to duty after completion of a drug and alcohol rehabilitation program. After returning to work, these covered employees will be tested randomly at least six times during the next 12 months. Further, employees in this re-testing group also will continue to be part of the random testing pool.

H. Testing Facility:

Any drug and/or alcohol testing by the County will be conducted by a laboratory licensed by the Commonwealth, the name and location of which will be made available to the employee by the Human Resources Department. The County will notify the employee of results of a test after receipt of such results from the laboratory. I. Expenses:

The County will pay the cost of any testing that it requires or requests, including retesting of confirmed positive results if such retesting is performed at the election of the County. Any additional tests that the employee requests will be paid for by the employee.

PRIVACY RIGHTS

The County reserves the right to search an employee's person, locker, work area, and desk at any time, with or without cause.

The County will make every effort to keep the results of drug and alcohol tests confidential. Employees should be advised, however, that test results may be used in arbitration, or administrative hearings, and any court cases arising as a result of the employee's drug test. Also, results will be sent to federal agencies as required by federal law. If the employee is referred to a treatment facility for evaluation, the test results will be made available to the employee's counselor.

DISCIPLINE AND CORRECTIVE ACTION

A refusal to take the tests, the discovery of an adulterated specimen, a discovery of tampering with the sample, or a positive test result in the absence of prior self-reporting and presentation to the Director of a physician prescription or current medical marijuana registration, as applicable, physician prescription, when applicable, shall result in termination of employment. In the event of a positive test result, a statement of medical justification provided in writing by a licensed physician will be considered for purposes of County evaluation but will not necessarily override the County decision to rescind an offer of employment or to terminate employment.

In the event of evidence of impairment on-the-job due to use of an illegal drug, alcohol, or marijuana product the employee may be suspended until the results of a drug and/or alcohol test are made available by the

testing laboratory. Employees who report to work demonstrating evidence of impairment due to drugs, alcohol, or marijuana product will not be allowed to drive themselves home or elsewhere. Refusal to comply with this rule may result in immediate termination.

Where a CDL employee does not comply with self-reporting requirements as stated in this policy, a physician's prescription or current medical marijuana registration will not be an acceptable excuse, and the employee will be subject to disciplinary action or termination.

CDL EMPLOYEES

CDL Employees are subject to the County mandatory drug and alcohol testing program in accordance with the Omnibus Transportation Employee Testing Act of 1991 and U.S. Department of Transportation (DOT) Rule 49 CFR Part 40 and The Federal Motor Carrier Safety Administration's (FMCSA) rule, 49 CFR 382. All County employees who are required to have any category of Commercial Driver's License as a condition of employment are subject to a zero-tolerance standard for: use of alcohol or an illegal drug or positive test result for use of marijuana products even if the CDL employee has a current medical marijuana registration.

CDL employees who test positive for illegal drugs, marijuana products, above the 0.02 blood alcohol level established by the U.S. DOT regulations, shall be immediately terminated from employment if such results occur while employee is on duty; if such results occur when employee is off-duty, the employee shall be removed from driving duties while a disciplinary action determination is considered. Return to duty after a positive test, that was received while off-duty, shall be at the sole discretion of the County Administrator; however, no one who has tested positive while off duty shall perform safety-sensitive functions again until after successful completion of a return-to-duty program administered by a Substance Abuse Professional.

Prior to hiring a CDL Employee, the County will review the applicant's DOT drug and alcohol testing history with any and all DOT-regulated company(ies) that employed the applicant during the three year period prior to the County's potential hire date. Applicants for CDL positions will be asked to provide written consent to seek the information from prior employers in accordance with County policy and DOT requirements. If the applicant does not provide such written consent, the County shall not offer employment for a CDL Employee position.

EMERGENCY SERVICES DIVISION EMPLOYEES

In accordance with 12VAC5-31-940 (Drug and Substance Abuse), EMS personnel may not be under the influence of any drugs or intoxicating substances that impairs their ability to provide patient care or operate a motor vehicle while on-duty or when responding or assisting in the care of a patient. Any drug paraphernalia is strictly prohibited.

MARIJUANA PRODUCTS

In regard to marijuana products, the County's Drug and Alcohol-Free Workplace policy is written to be consistent with Virginia Code § 40.1-27.4, which established limited protections for employees related to medicinal use of cannabis oil.

An employee's positive test result indicating use of marijuana products without prior self-reporting to the Director of a current medical marijuana registration for such use shall be deemed an unauthorized drug use for purposes of this policy.

Possession prohibited in County facilities and vehicles. While in any County facility or in any County vehicle, County employees shall neither use nor have in their possession any marijuana product; regardless of whether the employee has a current medical marijuana registration. Violation of this prohibition shall result in disciplinary action up to and including termination of employment.

Federal contracts and grants: The County may take disciplinary action up to and including termination of employment if an employee's positive test result for marijuana product use would cause the County to be in violation of federal law or would result in loss of a federal contract or federal funding.

EXCLUSIONS

Members of the Board of Supervisors are excluded from testing requirements. Board-appointed members of County authorities, commissions, boards, and committees are excluded from testing requirements, unless such appointees are County employees, in which case testing requirements and this policy shall apply.

INTERPRETATION

The authority to interpret this policy rests with the County Administrator, and is generally delegated to the Director of Human Resources.

The type of disciplinary action taken on the first or successive violations of personnel or departmental policies, procedures, rules, practices or guidelines will depend primarily on the severity of the violation, the experience level of the employee, the conditions of the work environment where the employee is assigned, and/or whether there is a demonstrated, flagrant pattern developing with regard to such violations. Any or all of these conditions may be taken into account to determine the type of disciplinary action taken against an individual employee. Verbal admonishments, verbal warnings, and informal written warnings are primarily designed to correct inappropriate conduct or behavior; formal written warnings, suspensions, demotions and terminations are primarily designed to punish such conduct or behavior. In addition to their use as a disciplinary action, demotions are sometimes necessary in order that employees whose work has not been satisfactory (not due to disciplinary problems), but whose termination does not appear warranted may be retained and assigned less difficult work. The department director is required to gain the approval of the County Administrator before such a nondisciplinary demotion may occur.

Policy 11-05 designates the types of violations and segregates these violations into general groups in order of severity for the purpose of establishing a general protocol with respect to the application of approved disciplinary actions.

POLICY 11-06

DISCIPLINARY ACTION PROTOCOL

Effective Date: *October 27, 2020*

Revised Date:

The following is a general protocol with respect to disciplinary actions:

- A. For violations described in or which may be characterized as similar to Group 1, for the first offense a formal written warning and/or suspension may be made depending on the severity of and circumstances surrounding the offense. For a second offense identical or similar to the first, termination of employment may be made. In extreme or aggravated cases, termination may occur with the first offense.

- B. For violations described in or which may be characterized as similar to Group 2, for the first offense a verbal warning, informal or formal written warning, and/or suspension may be made depending on the severity of and circumstances surrounding the offense. For a second offense identical or similar to the first, suspension or demotion may occur or termination of employment may be effected. In extreme or aggravated cases, termination may occur with the first offense.
- C. For violations described in or which may be characterized as similar to Group 3, for the first offense a verbal admonishment, verbal warning, informal or formal written warning may be made depending on the severity of and circumstances surrounding the offense. For a second offense identical or similar to the first, suspension or demotion may occur. For the third or any subsequent offense, termination may occur.

The purpose of the protocol is to serve as a guideline rather than a strictly applied regulation with respect to disciplinary actions. In all cases, severity of the offense and mitigating or aggravating circumstances should govern the disciplinary action taken. Mitigating circumstances include conditions that would compel a reduction in the disciplinary action to promote the interests of fairness and objectivity, including but not limited to the employee's time in service and overall service record or otherwise satisfactory work performance. Extreme or aggravating circumstances include conditions that demonstrate willful or blatant disregard for established or acceptable conduct or behavior, or demonstrate very poor judgment so as to make the employee appear susceptible to committing the same or similar offense in the future.

POLICY 11-07

DISCIPLINARY PROCEDURE

Effective Date: *October 27, 2020*

Revised Date:

A. Lodging of Complaint:

Alleged complaints against employees of a Supervisor/Specialist and Assistant/Operator/Technician within the Administrative Division shall be first referred to the department director to which the employee is assigned. Alleged complaints against employees of a Director/ Manager shall be referred to the County Administrator. The County Administrator should be advised by the department director of any complaint lodged against an employee as soon as practical. All verbal or written complaints require at least initial inquiry.

B. Initial Inquiry:

Upon evidence of or receiving a report of an alleged complaint from a County official, another employee or from the public, whether verbally or in writing, the department head to which the employee is assigned (or County Administrator in the event the employee is a department director) will conduct an initial inquiry. The inquiry will be made for the purpose of ascertaining the true facts relative to the circumstances surrounding the alleged complaint to determine whether an administrative investigation is warranted. On the basis of the initial inquiry, if there is reasonable evidence to suggest a violation or offense has occurred, the

department director to which the employee is assigned (or County Administrator in the event the employee is a department head) will initiate an administrative investigation. At this time, the County Administrator should be fully informed of the initial inquiry and process envisioned for the investigation. If there is no basis for such an investigation as a result of the initial inquiry, the matter will be dropped.

C. Administrative Investigation:

The course of the administrative investigation must be dictated by the nature of the alleged violation or offense, but may include informal or formal questioning of persons thought to have knowledge of the situation and by close questioning of the employee. Written records may be requested from any Administrative Division department to support the investigation. Access to otherwise confidential information may be obtained with the permission of the County Administrator. During the investigation of a written complaint against an employee, a copy of the complaint may be provided to the employee if doing so would not interfere with the proper investigation of the matter (written complaints may be signed or unsigned, but will only be considered a verifiable written complaint if the identity of the complainant is positively known). If the complaint is verbal in origin, the department director may divulge the nature of the complaint to the employee but may withhold the complainant's identity from the employee, if doing so would likewise not interfere with the investigation of the matter. If during the administrative investigation evidence is gathered suggesting a criminal offense, the County Administrator or County Attorney may contact the proper law enforcement agencies to continue the investigation. If the evidence suggests that a felony has been committed, involvement of law enforcement agencies in the investigation is mandatory.

D. Report and Disciplinary Action:

If upon the conclusion of the administrative investigation there exists sufficient and reasonable evidence to conclude that the complaint was justified and that a violation or offense has occurred, the investigating party (department director or County Administrator) will prepare a written Report on the matter. The report should be sufficiently detailed so as to document the nature of the complaint investigated, the manner of the administrative investigation conducted, the evidence collected, and the formal determination of guilt by the employee who was the subject of the investigation. If the complaint involved criminal activity where a formal criminal investigation was initiated, the written documentation comprising the criminal investigation file may serve as this Report. The Report shall be signed by the investigating party, a copy of which shall be provided to the employee and the original to the County Administrator (when the criminal investigation file is used as the Report, distribution of copies of these records shall be as permitted by the investigating law enforcement agency). On the basis of this Report and such additional inquiry or investigation as he/she may determine, including joint or separate consultations with the complainant, the investigating party and/or the employee, the County Administrator shall determine what, if any, appropriate disciplinary action to take. In this regard, the protocols set out in Policy 11-06 shall serve as guidelines with respect to the action taken. The County Administrator may direct disciplinary action be taken by department heads pursuant to the authorizations granted under Policy 11-03.

E. Grievance Procedure:

Any employee who has been suspended, demoted, or terminated, and considers himself/herself aggrieved, may follow the grievance procedures as outlined in Part 9 of this Manual. Verbal admonishments, verbal warnings, and informal or formal written warnings as disciplinary actions are not subject to grievance.

POLICY 11-08

FILINGS WITHIN PERMANENT PERSONNEL RECORD

Effective Date: October 27, 2020

Revised Date:

Any complaint resulting in formal disciplinary action shall have all pertinent or supporting documentation generated as a result of the complaint's investigation and action taken filed within an employee's Permanent Personnel Record. Complaints where no action was taken or where informal or formal written warnings were issued may also be documented and filed at the discretion of the County Administrator. Such filings may also include notation of verbal admonishments depending on the severity and/or reoccurring nature of the matter to which such admonishments relate. In cases resulting in formal disciplinary action, the employee shall be advised in writing that the documentation relating to same is being filed within the employee's Permanent Personnel Record. The employee may be advised verbally or in writing as to filings relating to informal or formal written warnings and verbal admonishments at the discretion of the County Administrator. All Administrative Division employees may have access to their Permanent Personnel Record for review upon request to the Department of Human Resources. Employees are permitted to file statements in rebuttal to any documentation filed within their Permanent Personnel Records.

Where a filing has occurred and an employee is subsequently absolved from guilt or fault, all documentation relating to the matter may be removed from the employee's Permanent Personnel Record at the direction of the County Administrator.

POLICY 11-09

SUSPENSION WITH PAY DURING ADMINISTRATIVE INVESTIGATION

Effective Date: October 27, 2020

Revised Date:

If during the course of an administrative investigation of an alleged complaint, it is determined that the continued presence of the employee who is the subject of the investigation on the job is or may be harmful or detrimental to the investigation, the County Administrator may place the employee on suspension with pay for a period not to exceed five (5) successive County working days. Suspension with pay is not considered a disciplinary action, nor does it imply or should be interpreted to imply guilt, since the alleged complaint is still under investigation. Suspension with pay is an action designed to contribute toward the expedient resolution of the investigation of the complaint in certain situations.

In extreme or unusual circumstances, the County Administrator may extend the suspension with pay period for an additional five (5) successive county working days.

POLICY 11-10

DISCIPLINARY ACTION AND PERFORMANCE EVALUATIONS

Effective Date: October 27, 2020

Revised Date:

Any formal disciplinary action, including informal or formal written warnings and verbal admonishments may be taken into account during an employee's performance evaluation and may negatively affect the findings of that evaluation. These may also negatively affect an employee's application for promotion to another position within the Administrative Division and may be cited as material evidence of an employee's job performance with respect to requested references from other potential employers (both within the County government and outside).

POLICY 11-11

DEMOTIONS

Effective Date: October 27, 2020

Revised Date:

Demotion refers to the change of an Administrative Division employee from one position to another, possibly having lower pay and possibly requiring the performance of less responsible duties. This may also include transfer from a full-time position to a part-time position as a disciplinary action. In the event of such a transfer, the employee will be entitled to continued participation in County employment benefits programs under the terms and conditions established for other part-time Administrative Division employees in this Manual.

POLICY 11-12

SUSPENSION AND EMPLOYMENT BENEFITS PROGRAMS AND LEAVE

Effective Date: October 27, 2020

Revised Date:

An Administrative Division employee under suspension without pay as a disciplinary action shall be allowed to continue participation in all County employment benefits programs for the period of the suspension. A suspended employee shall reimburse the County in full for any monthly payroll deduction required for such programs in the event the employee's remaining compensation for that month is insufficient to cover the deduction. The employee shall be notified in writing of this situation by the Department of Human Resources, and reimbursement to the Department of Budget & Finance must be made within fifteen (15) working days of

this notice. Failure to do so may result in permanent loss of participation in such programs at the discretion of the County Administrator.

An employee suspended for more than fifteen (15) successive working days shall not accrue Annual Leave or Sick Leave for the month the suspension period began. An employee may not substitute any form of paid leave, including compensatory time off, in lieu of unpaid suspension time.

POLICY 11-13

TERMINATION FOR DISCIPLINARY REASONS

Effective Date: October 27, 2020

Revised Date:

The authority to terminate an Administrative Division employee for disciplinary reasons is vested solely with the County Administrator, who may delegate or direct that the department director of the employee being terminated effect the termination action. The County Administrator at his/her discretion may provide the employee the opportunity to involuntarily resign from employment rather than be terminated. All involuntary resignations for disciplinary reasons shall be submitted in writing and signed by the employee either to the department director or County Administrator. All such documentation shall be maintained in the affected employee's Permanent Personnel Record.

POLICY 11-14

RESIGNATION

Effective Date: October 27, 2020

Revised Date:

An Administrative Division employee may terminate employment with the County voluntarily by resignation by stating his/her reasons in writing to the department director or the County Administrator. An employee who has submitted a voluntary resignation may be continued in the position upon request to withdraw the resignation prior to its formal written acceptance by the department director or County Administrator. Once written acceptance has been issued, the department director or County Administrator is not compelled to reinstate the resigning employee. Administrative Division employees are encouraged to provide at least two (2) weeks notice in their voluntary resignations. All such documentation shall be maintained in the affected employee's Permanent Personnel Record.

POLICY 11-15

RETIREMENT

Effective Date: October 27, 2020

Revised Date:

When an Administrative Division employee subject to the provisions of the Virginia Retirement System (VRS) reaches retirement age in accordance with the provisions of VRS and desires to retire from County employment, the employee shall so advise the Department of Human Resources in writing within six (6) calendar months of the desired date of retirement. The Department of Human Resources will assist the employee upon request in preparing the paperwork and notify VRS at that time in order to allow sufficient time to process all required paperwork to commence retirement payments at the time requested by the employee.

When an Administrative Division employee subject to VRS provisions becomes physically or mentally incapable of performing the duties of his/her position in a satisfactory manner, it shall be the duty of the County Administrator to consider transferring the employee to a more suitable position (if such a position be available), or to assist the employee in applying for disability or retirement, as appropriate. The Board of Supervisors or County Administrator is not compelled to create such a position or to take inordinate steps to facilitate an employee under these circumstances, and the County Administrator is empowered to cause the involuntary resignation of the employee due to personal medical conditions in circumstances where no suitable position is available and the employee does not apply for, or is determined ineligible for, disability or retirement.

POLICY 11-16

EMPLOYEE BENEFITS PROGRAMS UPON TERMINATION, RESIGNATION, OR RETIREMENT

Effective Date: October 27, 2020

Revised Date:

The County is subject to the provisions of Title 10, Section 10003(a) of the federal Consolidated Omnibus Budget Reconciliation Act of 1986 (referred to as 'COBRA'). It is the policy of the County to provide health insurance benefits to former Administrative Division employees in strict accordance with COBRA. The County Department of Human Resources is responsible for interpreting the application of COBRA provisions to specific situations regarding terminated Administrative Division employees. In general terms, COBRA may permit terminating employees to continue to be covered by the County's health insurance benefits program under certain specific terms and conditions. Where an employee knows in advance of his/her pending termination, the employee should arrange to meet with the Director of Human Resources as soon as possible to discuss COBRA provisions if the employee is interested in maintaining County health insurance coverage. If termination is unanticipated, terminated employees must notify the Department of Human Resources no later than ten (10) calendar days after their termination date if they are interested in continuing their health insurance coverage through the County to determine eligibility under COBRA. If coverage is canceled due to non- or late-payment, the County's obligations under COBRA may cease.

Upon termination of employment for any reason, the County will cease its contributions to the employee's Virginia Retirement System (VRS) retirement fund. If the employee is terminated midway through any month, the final contribution will be for the entire month. Terminated employees must meet with the Director of Human Resources for information on where they need to go to handle their retirement fund according to VRS provisions. Group life insurance will also cease when the employee is terminated for reasons other than retirement. Employees may purchase an individual policy at non-group rates at their own expense.

Termination of an Administrative Division employee for any reason will result in the employee ceasing to accrue any further leave time benefits as provided in Policies 07-03 through 07-17 of this Manual as of the date of termination. Employees should refer to Policies 07-12 and 13-05 of this Manual regarding compensation of leave at termination of employment.

POLICY 14-01

EMPLOYEE TRAVEL AND RELATED EXPENSES**Effective Date:** October 27, 2020**Revised Date:**

The Washington County Board of Supervisors recognizes the need for Administrative Division employees occasionally to use their personal motor vehicle for work-related travel. The policies set forth in this Section govern employee use of personal vehicles for work-related travel and the County's reimbursement for work-related travel expenses. All expenses must be reasonable and necessary.

A. Use of County Motor Vehicles and Personal Vehicles

- 1) County motor vehicles should be used rather than personal vehicles for work-related travel where possible. Use of County motor vehicles by Administrative Division employees shall be governed by the *Vehicle Fleet Management Policy For Administrative Division Vehicles* adopted by the Board of Supervisors. A copy of the *Vehicle Fleet Management* policy and the *County Owned-Vehicle Use Agreement & Release of Driving Record Transcripts* are provided as an attachment to the Personnel Policies and Procedures Manual for Administrative Division employees.
- 2) Administrative Division employees may use their personal vehicles for travel to and from work related functions when necessary. As a guideline, "shared" County motor vehicles may be used for both local (i.e., within Washington County and the Cities of Bristol, Virginia and Bristol, Tennessee) and non-local (i.e., outside Washington County and the Cities of Bristol, Virginia and Bristol, Tennessee) travel. Priority use of shared County motor vehicles is given to non-local travel. Employees may use their personal vehicles for non-local travel and be reimbursed subject to the provisions of this policy. As a guideline, employees with access to a "priority" or "dedicated" motor vehicle should use those vehicles rather than "shared" vehicles in both non-local and especially local travel where practical (Note: The terms "shared", "priority" and "dedicated" are defined in the *Vehicle Fleet Management Policy For Administrative Division Vehicles*).
- 3) County motor vehicle insurance coverage is not extended to employees using personal vehicles for work-related travel.

B. Travel and Related Expenses Eligible for Reimbursement

The following expenses may be reimbursed or, with the exception of fuel purchases for employees using their personal vehicles pursuant to (D) (3) of this policy, charged to a County Purchasing Card. See Section (D) for applicable rates of reimbursement.

- 1) Use of an Administrative Division employee's personal vehicle to commute to and from work-related functions outside of Washington County and the cities of Bristol, Virginia and Bristol, Tennessee. This includes travel to and from work-related functions held after regular working hours, on nights, weekends

and County holidays.

- 2) Where prior-authorized by the County Administrator or his/her designee, use of long distance common-carrier transportation such as airlines, buses or trains to travel or commute to and from work-related functions not within Washington County and the Cities of Bristol, Virginia and Bristol, Tennessee.
- 3) Use of taxis, cabs, buses or other local common-carrier transportation to travel or commute to and from work-related functions not within Washington County and the Cities of Bristol, Virginia and Bristol, Tennessee.

If a participating employee is unable to complete successfully the course of study, the employee shall refund the County any amount paid by the County pursuant to this policy within 30 days of course completion, or within such other time period specified in writing by the County Administrator.

- B. Failure to continue employment with the County

Because this benefit is offered to employees to maintain or improve their required skills and to encourage their further development while increasing their contribution to the County, any employee who leaves employment with the County within 36 months of completion of a Program for which the County pre-paid or reimbursed expense and any employee who leaves employment with the County prior to completion of a Program for which the County pre-paid or reimbursed expense will be required to refund the County an amount pro-rated in accordance with the schedule set out below. Any amount owed under this policy at the time of departure from employment with the County becomes immediately due and payable at the time of such departure. The County has the right to deduct any amount owed pursuant to this policy from any

monies due and owing the employee including but not limited to paychecks, expense checks, and payments for accrued Paid Time Off and Sick Leave at the point of employee departure from employment with the County in accordance with the provisions for such deduction in the Certification and Education Assistance Agreement.

<u>Amount of Tuition Reimbursement</u>	<u>Employment Duration</u>
Up to \$249.99	None
\$250 - \$749.99	6 Months
\$750 - \$1,999.99	1 Year
\$2,000 - \$4,999.99	2 Years
\$5,000 +	

For example, if the County reimburses an employee \$5000 for a course, and the employee leaves employment with the County 2.5 years after completion of the course, the reimbursement would be calculated as follows: $(\$5,000 / 36 \text{ months}) \times 6 \text{ months remaining in employment duration period} = \833.34 refund due to the County from the employee.

- C. Discretionary waiver of refund requirement. Notwithstanding the foregoing, no such refund shall be due from the employee if the County Administrator determines in writing that extenuating circumstances (such as employee illness or the illness of a family member) has caused an employee's inability either to complete the course of study or to remain employed by the County for the stated duration after completion of the course of study. However, if the Program provider pays the employee a tuition or materials refund for expenses that had been paid by the County either in advance or by reimbursement, then the employee shall give the full refund to the County within one week of receipt.
- D. Termination of employment. In the event the County terminates the employment of an employee for cause (involuntary termination of employment) for which the County had paid Program Expenses pursuant to this Policy, then the following refund requirement shall apply. The County Administrator shall make a written determination of whether refund to the County of Program Expenses shall be required. An involuntary termination of employment for the convenience of the County (not for cause) shall not result in a requirement of refund of Program Expenses to the County.

AT-WILL EMPLOYMENT

Neither this policy nor any Application or Agreement entered into pursuant to this policy shall create, or in any manner be deemed, a contract of employment between any employee and the County nor a contract to ensure promotion or salary adjustment. All County employees may terminate employment with the County at any time with or without cause, and the County may terminate employment of any employee at any time with or without cause.

INCOME TAX IMPLICATIONS

Only Programs that are work-related or anticipated to be work-related will be exempt from income tax. If a Program is not directly work-related, it will be considered a taxable benefit to the employee. Current I.R.S. guidelines should be consulted to determine the annual maximum amount of employer provided educational expense reimbursement that is excusable from gross income.

POLICY 14-05

TELECOMMUTING POLICY & PROCEDURES

Effective Date: October 27, 2020

Revised Date:

OBJECTIVE

Telecommuting allows employees to work at home, on the road or in a satellite location for all or part of their workweek. Washington County considers telecommuting to be a viable, flexible work option when both the employee and the job are suited to such an arrangement. Telecommuting may be appropriate for some employees and jobs but not for others. Telecommuting is not an entitlement; it is not a countywide benefit; and it in no way changes the terms and conditions of employment with Washington County.

PROCEDURES

Telecommuting can be informal, such as working from home for a short-term project or on the road during business travel, or a formal, set schedule of working away from the office as described in this policy. Either an employee or a supervisor can suggest telecommuting as a possible work arrangement.

Telecommuting is not designed to be a replacement for appropriate child care. Although an individual employee's schedule may be modified to accommodate child care needs, the focus of the arrangement must remain on job performance and meeting business demands. Prospective telecommuters are encouraged to discuss expectations of telecommuting with family members before commencement of telecommuting.

Any telecommuting arrangement may be discontinued at will and at any time at the request of either the telecommuter, department director, or the County Administrator. Every effort will be made to provide sufficient notice of such change to accommodate commuting, child care and other issues that may arise from the termination of a telecommuting arrangement. There may be instances, however, when no notice is possible.

ELIGIBILITY

Before entering into any telecommuting agreement, the employee and department director, with the assistance of the Human Resources Department, will evaluate the suitability of such an arrangement, reviewing the following areas:

- Employee suitability. The employee and department director will assess the needs and work habits of the employee, compared to traits customarily recognized as appropriate for successful telecommuters.

- Job responsibilities. The employee and department director will discuss the job responsibilities and determine if the job is appropriate for a telecommuting arrangement.
- Equipment needs, workspace design considerations and scheduling issues. The employee and department director will review the physical workspace needs and the appropriate location for the telework.
- Tax and other legal implications. The employee must determine any tax or legal implications under IRS, state and local government laws, and/or restrictions of working out of a home-based office. Responsibility for fulfilling all obligations in this area rests solely with the employee.

If the employee and department director agree, and the Human Resource Department concurs, a telecommuting agreement will be prepared and signed by all parties.

Evaluation of telecommuter performance will include regular interaction by phone and e-mail between the employee and the department director and regular in-person meetings on a schedule established in the telecommuting agreement to discuss work progress and problems. As the telecommuting arrangement proceeds, the employee and department director will regularly evaluate the arrangement and make recommendations for continuance or modifications. Evaluation of telecommuter performance will be consistent with that received by employees working at the office in both content and frequency with a focus on work output and completion of objectives in a timely manner.

EQUIPMENT

On a case-by-case basis, Washington County will determine, with information supplied by the employee and the department director, the appropriate equipment needs (including hardware, software, modems, phone and data lines and other office equipment) for each telecommuting arrangement. The Human Resources and Information Systems departments will serve as resources in this matter. Equipment supplied by the County will be maintained by the County. Equipment supplied by the employee, if deemed appropriate by the County, will be maintained by the employee. Washington County accepts no responsibility for damage or repairs to employee-owned equipment. Washington County reserves the right to make determinations as to appropriate equipment, subject to change at any time. Equipment supplied by the County is to be used for business purposes only. The telecommuter must sign an inventory of all Washington County property received and agree to take appropriate action to protect the items from damage or theft. Upon termination of employment, all County property will be returned to the County, unless other arrangements have been made.

Washington County will supply the employee with appropriate office supplies (pens, paper, etc.) as deemed necessary. Washington County also will reimburse the employee for business-related expenses, such as phone calls and shipping costs, that are necessary to carry out the employee's job and not otherwise incurred by the employee. Washington County will not pay employee expenses that the employee would incur regardless of the telecommuting arrangement such as telephone or Internet service that the employee would maintain regardless of the telecommuting arrangement.

The employee will establish an appropriate work environment within his or her home for work purposes. Washington County will not be responsible for costs associated with the setup of the employee's home office,

such as remodeling, furniture or lighting, nor for repairs or modifications to the home office space.

SECURITY

Consistent with the County's ("Electronic Communications and Social Media, Policy 10-10), telecommuting employees will be expected to ensure the protection of proprietary County and customer information accessible from their home office. Steps include the use of locked file cabinets and desks, regular password maintenance, and any other measures appropriate for the job and the environment.

SAFETY

Employees are expected to maintain their home workspace in a safe manner, free from safety hazards. Injuries sustained by the employee in a home office location and in conjunction with his or her regular work duties may be covered by the County's workers' compensation policy. Telecommuting employees are responsible for notifying the County of such injuries as soon as practicable. The employee is liable for any injuries sustained by visitors to his or her home worksite.

TIME WORKED

Telecommuting employees will be required to accurately record all hours worked using Washington County's time-keeping system. Hours worked in excess of those scheduled per day and per workweek require the advance approval of the telecommuter's department director. Failure to comply with this requirement may result in the immediate termination of the telecommuting agreement.

TEMPORARY ARRANGEMENTS

The County Administrator or Department Director may approve telecommuting arrangements for temporary circumstances such as sickness, quarantines, inclement weather, special projects or business travel. These arrangements will be approved on an as-needed, case-by-case basis, with no expectation of continuation unless the employee enters into a telecommuting agreement as described in this policy. Temporary telecommuting arrangements will not require entry into a telecommuting agreement but, otherwise, shall be subject to all provisions in this telecommuting policy.
