

Erosion & Sediment Control/Stormwater Management Plan Submittal Application

No person may engage in any land disturbing activity located in Washington County Virginia where 10,000 square feet or more of land disturbance is proposed until they have submitted to the County an Erosion & Sediment Control Plan and the plan has been reviewed and approved. A land disturbing activity is defined as any land changes that may result in soil erosion from water or wind and the movement of sediments into State waters or onto lands in the Commonwealth, including, but not limited to, clearing, grading, excavating, transporting and filling of land.
