Reasons for Seeking Appointment to the Board of Supervisors:

As a long time community responder I have grown to love serving in roles that help build and grow our communities
future growth opportunities. As a first responder I am well aware of the needs of our first response agencies, as an
agency administrator and town council person I am also aware of the financial challenges facing our governing bodies
when attempting to fund first response agencies and the many other equally important community programs/
resources. I grew fond of Mr. Stevens and his desire to build a safer future for our families and I hope to honor his
service by potentially following in his footsteps. Continuing the Board's collective efforts to balance budgets and grow
opportunities would be more than an honor.

Please feel free to attach additional information.
